Experienced sales professional selling marketing services directly to business owners and operators, closing four- and five-figure monthly retainers within one to two calls. Previously an account executive for an education consulting company, running consultative discovery on inbound calls with students and the parents funding the program.

SALES EXPERIENCE

Clinic Kickstart — Founder

2024–2025

Marketing Agency for healthcare clinics and med spas.

- Owned client acquisition end-to-end, from cold outreach through to 1–2 call close.
- Sold four- and five-figure monthly retainers directly to business owners and operators.
- Built the offer and sales process from zero, no inherited script, no lead list, no existing pipeline.
- Tracked my own pipeline and daily activity with no manager checking in, completely self-directed, no oversight required.

GrantMe — Account Executive

2023

Education consulting programs for students and families.

- Closed high four-figure packages on inbound leads, on a single-call cycle.
- Ran consultative discovery with students and decision-makers (parents) on a call, with a high-consideration purchase where a parent was trusting us to support their child in building a successful future.
- Maintained daily CRM records in HubSpot across a high volume of calls.
- Worked remotely and attended weekly sales meetings via Zoom for team coaching.
- Onboarded and handed off closed clients to the Student Success team with documented context to ensure a smooth transition from post-purchase to active client.

CONCURRENT EXPERIENCE

Symmetry Wellness — Clinic Owner, Registered Massage Therapist

2022–Present

- Run structured health history with every new client to identify the underlying issue before making a treatment plan recommendation.
- Present and close multi-session treatment plans.
- Address cost and time-commitment hesitation directly at the point of recommendation.
